THE EXPERIENCE

An impressive salon, dining room and bar area are located on the main deck, with floor-to-ceiling windows providing panoramic views whilst flooding the interior with natural light. The dining experience is enhanced by the addition of a folding side balcony, bringing seascape views to the table. For those who wish to be close to the water, the 36-metre design incorporates a beach club that is substantially larger than what one would normally expect on a yacht of this size, with a spacious seating area and facilities including a shower.

Just aft of the salon is the large outdoor aft deck area providing ample shaded al fresco seating and dining possibilities.
